Participants will be able to showcase and sell their works throughout the weekend. The event also aims to share and pass along artisanal knowledge. The event will feature a special area called "Creator's Corner" where selected artisans will present workshops to teach visitors about their works.

This initiative presents an excellent opportunity to promote our authentic products in Martinique and identify new markets including Guadeloupe. Additionally it will also serve as a revenue generator for the participants. This is an opportunity to interact with Martinique and Guadeloupe buyers/visitors and to showcase your products.
